

About NUAA

A Prestige in China's Education Sector

Nanjing University of Aeronautics and Astronautics (NUAA) is one of China's premier learning and research institutions. NUAA has developed into a very comprehensive, research-based university that excels in many aspects of engineering (particularly in Aeronautics, Astronautics, and Mechanical Engineering), science, economics and management, arts and literature, and many others.

Application Documents

Application Deadline: May 31, 2016

1. Application Form for the International Students Summer Programs can be downloaded from:
<http://iao.nuaa.edu.cn/Admissions.aspx>
2. Passport copy.
3. Contact and Address.

Please send all the above documents by email:
email: fanxuan@nuaa.edu.cn

Tel: +86-25-84896876

Contact person: Ms. Fan Xuan

Nanjing City

Modern and Epic, Densely Mixed

- The 600-year-old city wall of Nanjing is the world's longest city wall.
- With respect to the number of universities, Nanjing ranks third in China, just after Beijing and Shanghai.
- Shopping malls, museums and mausoleums, parks, traditional snack shops, western restaurant & bars, university complexes, etc.
- 1 hour away from Shanghai on the high speed train.
- Nanjing is one of the biggest and safest city to live in China.

NUAA Summer Program 2016

Broaden your perspective in our Language + Training summer program

Enjoy a fantastic summer studying Language, Culture, and Engineering Training Program.

This summer, Nanjing University of Aeronautics and Astronautics (NUAA) will open for you to study the Chinese language, to learn about Chinese culture and engineering training. You can earn credits toward your degree, experience the exquisite Chinese culture and creativity in training.

CONNECT

Connect with our top students from NUAA and build life-long friendships

LEAD

Lead activities and discussions and assist with the participants' language and academic skills development

TRAVEL

Travel to China in and after the program to unite with the participants and experience cultures first-hand

PROGRAM OVERVIEW

中文 NUAA Chinese Language & Culture Studies

Spend your summer studying and living in one of China's most vibrant and exciting cities. Combine language learning with cultural studies and travel to open your mind to a new dimension.

Course Features:

- Weekend trips to nearby cities and historical sites.
- Regular Nanjing city tours.

Course Contents:

Language, History, Chinese Martial Arts Calligraphy, Cuisine, Folk Music, etc.

+ NUAA Engineering Training

Enhance your engineering abilities and creativeness with NUAA's Engineering Training Program.

Digitized Design and Manufacturing Training:

This training is a comprehensive and practical course, which is a project-driven teaching model orientated on students' research.

Course Contents:

CAD/CAM, Distributed Numerical Control (DNC), CNC machining, Rapid prototyping (RP), Electrical Discharge Machining (EDM), Laser Beam Machining (LBM) etc.

Credits will be given for each of the Courses attended

Program	Time	Duration	Fees
Language and Culture Studies (2 credits)	2 weeks	June 27 - July 8 (adjustable)	Please consult school office
Engineering Training (2 credits)	2 weeks	July 11 - July 22 (adjustable)	

Accommodation

On Campus: Approx. 100-150 RMB/ Day/ person (School Hostel)

Off Campus: Approx. 200-280 RMB/ Day/ Standard Room (Jinjiang Hotel)

* Module costs include tuition, travel to historical and cultural sites and innovation expenses. Students are responsible for their own meals and personal expenses. The exchange rate is approximately 6.1 RMB to the USD and 7.9 RMB to the Euro.

* Payment must be made in full in form of cash upon arrival.
